

Tell me about your project

Share what you have in mind and where you'd like some help. You don't need a finished brief. Short answers and rough estimates are welcome.

Use this page to gather answers with your team. When you're ready, send them through the form at christingilbert.com/start, or send me a note from the site.

1 What would you like help with?

- | | |
|---|--|
| ☐ A new website | ☐ A website redesign |
| ☐ A product interface | ☐ An accessibility review of an existing website or product |
| ☐ Something else, or help deciding | |

2 Who is the experience for?

Tell me about your audience and the main thing people should be able to understand or do.

3 What do you already have?

Share a link to an existing website or prototype, if available. Let me know whether you have brand guidelines, written content or images ready. Starting from scratch is welcome too.

4 Roughly how much needs designing or reviewing?

An approximate number of pages or screens is enough. For a review, you can describe a particular task or area of concern. "Not sure yet" is fine.

After launch, would you like to update the website content yourself?

- | | |
|--|-----------------------------|
| ☐ Yes | ☐ No |
| ☐ I'd like advice | |

5 Are any features or connections essential?

For example, bookings, an enquiry form, a shop or newsletter signup. Include the names of any services you already use.

6 What timing and budget do you have in mind?

Mention any fixed deadline, or let me know whether your timing is flexible. For budget, choose an approximate range in Canadian dollars.

Preferred completion date or window

☐ Under \$2,500

☐ \$2,500 to \$5,000

☐ \$5,000 to \$10,000

☐ \$10,000 to \$20,000

☐ Over \$20,000

☐ Still working out the budget

7 Anything else you'd like me to know? (optional)

Your details

Your name

Email address

Organization (optional)

How did you hear about me? (optional)

I read every enquiry myself and reply within two working days.
